## Stormont Vail Health 2022

*Working together to improve the health of our community.*

### STORMONT VAIL HEALTH

- Employed Physicians – 283
- Employed Advanced Practice Providers – 251
- Employees – 5,452
- Volunteer Hours – 25,349
- Community Benefit – \$55,508,502\*

<b>Stormont Vail Topeka Hospital</b> 	Licensed Beds	586
	Births	1,498
	Surgeries	17,646
	Inpatient Admissions	19,380
	Emergency Visits	53,405
	Outpatient Visits	156,726
<b>Cotton O'Neil Clinics</b> 	Primary Care & Specialty Clinics	30+
	Express Care Visits	86,392
	Clinic Visits	763,858
<b>Unique Patients Served</b>		<b>209,429</b>

010  *- Flint Hills Campus became part of Stormont Vail in 2023, therefore is not included in the 2022 numbers -*

10

## CMS Regulatory Requirement

1. Expand the collection, reporting, and analysis of standardized data
2. Assess causes of disparities within our programs and address inequities in policies and operations to close gaps
3. Build capacity of health care organizations and the workforce to reduce health and health care disparities
4. Advance language access, health literacy, and the provision of culturally tailored services
5. Increase all forms of accessibility to health care services and coverage

11

## Social Determinants of Health Collection

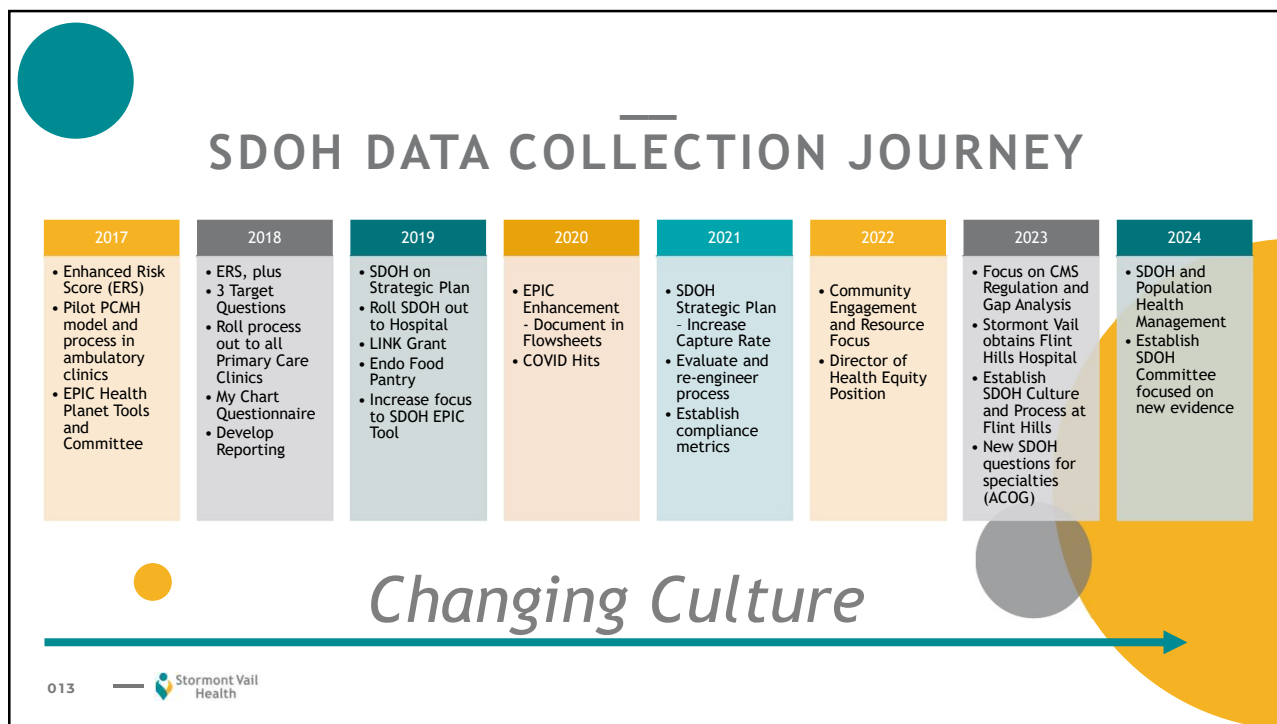

### Screening Requirements:

- Admitted for Inpatient Hospital Stay
  - 18 years or older on date of admission
  - Domains:
    1. Food Insecurity
    2. Housing Instability
    3. Transportation Needs
    4. Utility Difficulties
    5. Interpersonal Safety
- CMS Screening Tool Flexibility

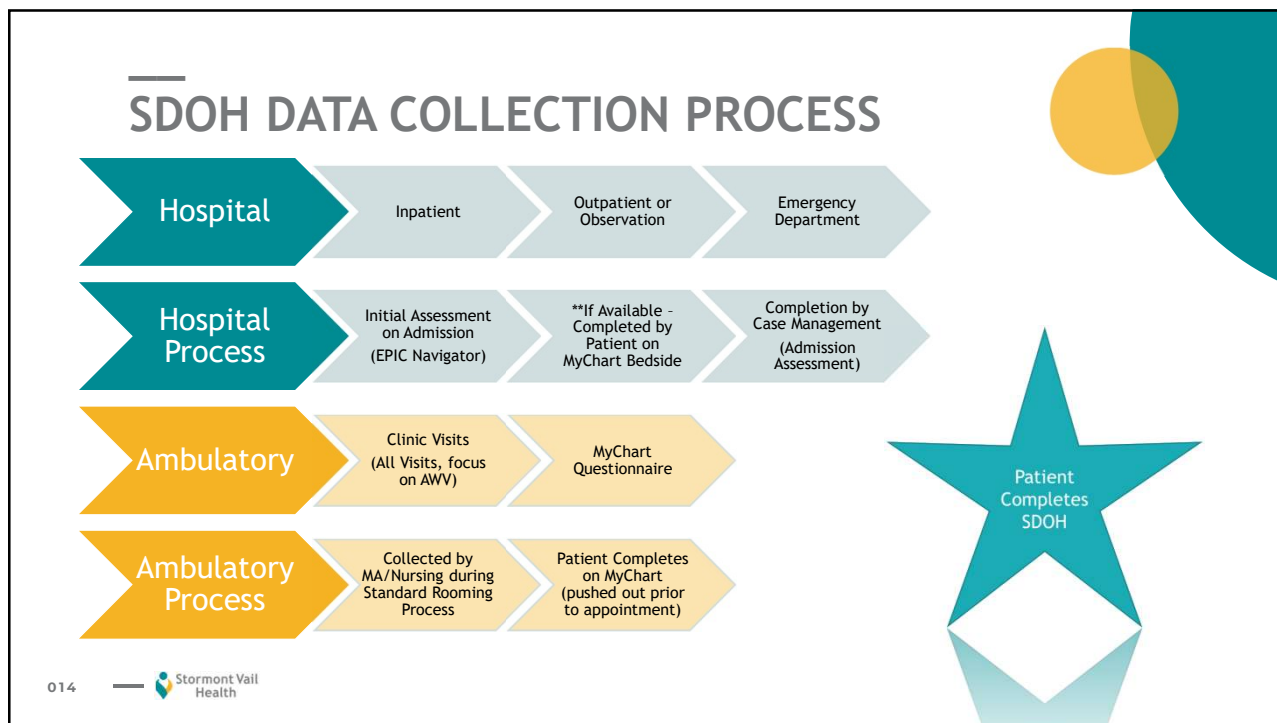

Social Determinants of Health: Social Determinants of Health		Social Determinants Flowsheet	
<b>PHYSICAL ACTIVITY</b>	On average, how many days per week do you engage in moderate to strenuous exercise (like a brisk walk)?	0 days	04/15/24 1606
	On average, how many minutes do you engage in exercise at this level?	0 min	04/15/24 1606
	How often do you get together with friends or relatives?	Once a week	04/15/24 1606
	How often do you attend church or religious services?	Never	04/15/24 1606
	Do you belong to any clubs or organizations such as church groups, unions, fraternal or athletic groups, or school groups?	No	04/15/24 1606
<b>FINANCIAL RESOURCE STRAIN</b>	How often do you attend meetings of the clubs or organizations?	More than 4 times per year	04/15/24 1606

12

13

14

## SDOH Collection Barriers and Scripting

2017 - No one knew what SDOH was and why it was important

2018 - Staff felt awkward asking questions

2019 - Resistance to collecting during hospitalization

2020 - Covid slowed down progress

2023 - Specialty Practice use of SDOH

### Scripting

**Social Determinants of Health (SDOH)**

**Scripting to start conversation-**  
As part of our efforts to better care for you, we have a few questions to help identify and support your healthcare needs.

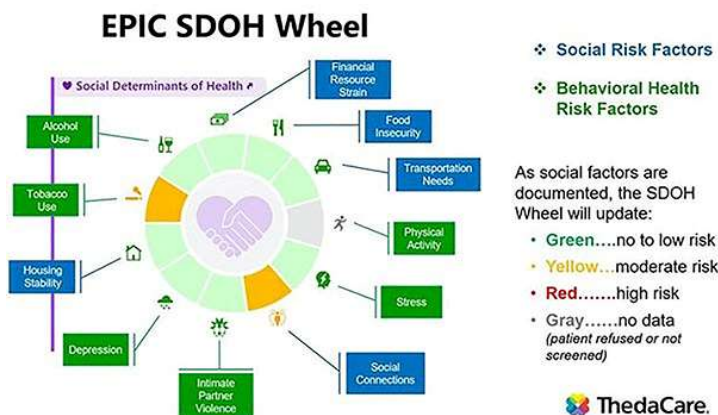

**Scripting when patients get upset with personal questions-**  
These questions are asked and help in our efforts to keep you well, the information can be used to improve your plan of care &/or connect you with needed resources, some of which are available in this clinic.

**Scripting if need is identified-**  
We have identified your difficulty with getting to appointments. We have a Social Worker in the building I would like to share this information with.

15

## SDOH Questionnaire-

- ✓ SUBSTANCE USE
- ✓ DEPRESSION
- ✓ FINANCIAL RESOURCE STRAIN
- ✓ FOOD INSECURITY
- ✓ HOUSING STABILITY
- ✓ INTIMATE PARTNER VIOLENCE
- ✓ PHYSICAL ACTIVITY
- ✓ SOCIAL CONNECTIONS
- ✓ STRESS
- ✓ TRANSPORTATION NEEDS

16

# EPIC Screening & Referrals

The screenshot displays the 'Social Determinants of Health' section in the EPIC interface. On the left, a circular radar chart with 12 segments is used to track various social determinants. An arrow points from this chart to a 'Community Resources' window on the right. This window shows a search for '66610' and lists several community organizations, including:

- JAYHAWK AREA AGENCY ON AGING NUTRITION PROGRAM**: 2919 SW TOPEKA BLVD, TOPEKA KS 66611, Phone 785-235-1367, Fax 785-232-2443
- LETS HELP**: 200 S KANSAS AVE, TOPEKA KS 66609, Phone 785-234-6208, Fax 785-234-7143
- MEALS ON WHEELS OF EASTERN KANSAS INC**: 2134 SW WESTPORT DR, TOPEKA KS 66614, Phone 785-439-2166, Fax 888-453-1332
- Midland Care**: 200 SW FRAZIER CIRCLE, TOPEKA KS 66606

17

# SDOH Tools and Transparency

This screenshot shows the 'Social Determinants of Health' tool in EPIC. It includes a questionnaire with the following sections:

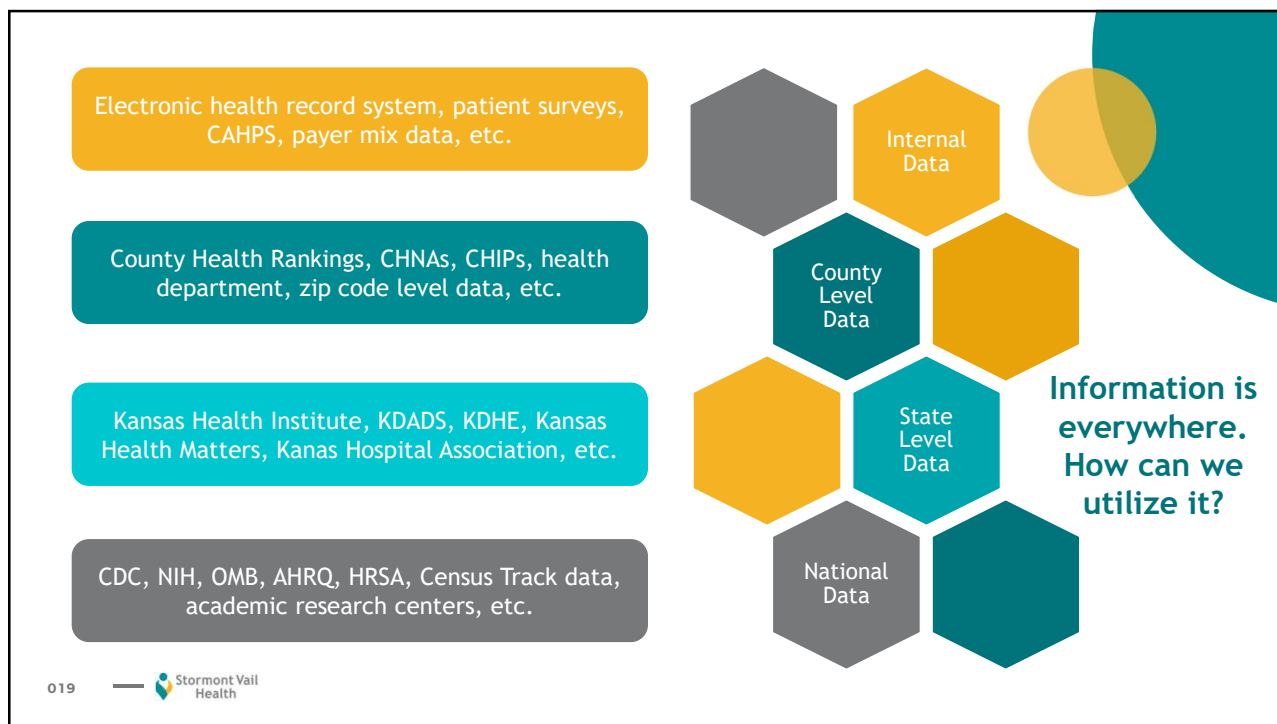

- Physical Activity**: Questions about frequency and duration of exercise. The '5 days' option is selected.
- Financial Resource Strain**: Question about the difficulty of paying for basics like food, housing, and medical care. The 'Not hard at all' option is selected.
- Housing Stability**: Questions about mortgage/rent payment and moving frequency. The 'No' option for mortgage/rent and '3' for moving frequency are selected.

Overlaid on this is a 'Chart Review' window showing:

- Care Coordination Notes**: A note from 6 years ago by Eliza Jenkins, RN, regarding medication management.
- Allergies**: Penicillins (No severity specified) and Hives.
- Problems**: Cardiovascular and Mediastinum, and Essential Hypertension (Local chart, 22 years ago).

A 'Social Determinants of Health' circular radar chart is also visible in the bottom right of the chart review window.

18

19

## WHEN PRIORITIZING LOCAL DATA IS HELPFUL

- Small amount of internal resourcing to collect data
- Hold a large share hold of patient care in your area (>70%)
- Have access to community level data that is updated on a regular basis
  - Ideally every 6 months to a year
- Have information on methodology of how data is collected and interpreted
  - When more resources are available, can use statistician to replicate using internal data.
  - Vital to understand what leading and lagging indicators your organization has the power to impact

20

## WHAT CAN A DASHBOARD DO?

“The dashboard is able to capture progress made in certain areas as well as identify areas of focus. The dashboard also serves to identify patient populations that may be at increased risk for adverse outcomes. Discussing these dashboards in regularly scheduled quality meetings allows leadership to continuously address gaps in care and work to eliminate disparities.”

- The American Hospital Association in partnership with Health Research & Educational Trust

### Capture Progress

Will be able to easily acquire data that shows how SVH compares to other systems or public health data

### Help Understand Populations

High level overview of patient population and which groups are underserved in our community

### Identify Trends in Risk

See how various outcomes trend over time to track overall effectiveness of care

### Drive Policy Change

Have ready data that supports new or innovative policy recommendations

21

## EXAMPLE DASHBOARD

### County Health Ranking Measures

- Takes data from Shawnee County from 2013-2019 to come up with %
- Defines LBW % as babies born <2500 grams or about 5.51 lbs.
- No distinction between LBW and VLBW, or cause of LBW
- Baby race based on mother no ethnicity data reported

### Stormont Vail Mini Dashboard Measures

- All patients from Shawnee County 2013-2019
- Used same categories for LBW %
- Used % unit instead of rate
- Raw numbers = total cases NOT %

### What the County Health Ranking Reports:

	Shawnee (SN) County	Trend	Error Margin	Top U.S. Performers	Kansas
Low birthweight	7%		7-7%	6%	7%
	Value	Error Margin			x
% LBW	7%	7-7%			
American Indian & Alaska Native	6%	2-10%			
Asian	7%	4-10%			
Black	12%	10-13%			
Hispanic	7%	6-8%			
White	6%	6-7%			

Low birthweight (LBW) represents infant current and future morbidity, premature mortality risk, and maternal exposure to health risks. LBW children have greater developmental and growth problems, are at higher risk of cardiovascular disease, respiratory conditions, and cognitive problems such as cerebral palsy, and visual, auditory, and intellectual impairments (County Health Rankings and Roadmaps).

# Community Health Workers Program

STERLING MEDICAL CENTER-LYONS MEDICAL CENTER  
RICE COUNTY DISTRICT HOSPITAL

27

## CHW TEAM

- Melissa Wimmer RN, BSN  
Program Director/Home Health RN
- Lisa Stout, Patient Navigator, CHW-C
- Jessica Inguanza, CHW-C
- Julissa Reyes, CHW-C

28

## Rice County Health CHW

Bridging the gap between resources and wellness

- ▶ Chronic Health Issues
  - ▶ PreDiabetes
  - ▶ Hypertension
  - ▶ COPD
- ▶ Health Education
- ▶ Prenatal/Postnatal Support
- ▶ Disability Advocacy/Application
- ▶ Food Disparity
- ▶ Housing Instability

29

## RCH CHW cont..

- ▶ Medical Appointment Transportation Facilitation
- ▶ Mental Health Advocacy
- ▶ Insurance Education
  - ▶ Presumptive Eligibility

30

## Who and how are we serving?

- ▶ PreDiabetics/Diabetics
- ▶ Hypertensives
- ▶ COPD
- ▶ Pre/Postnatal Patients
- ▶ Newborns
  
- ▶ Patients over 60
- ▶ Disabled
- ▶ Families caring for grandchildren in foster care or kinship

31

## How do we get patient referrals?

Relationships and Trust

- ▶ Clinic Provider Referrals
- ▶ ER/Hospital Discharge Provider Referrals
- ▶ EMS
- ▶ Community Events
- ▶ School Staff
- ▶ Council on Aging Staff
- ▶ Community Members

32

## Rice County Overview

### Small Town Strength

- ▶ Alden (122)
  - ▶ Bushton (203)
  - ▶ Chase (399)
  - ▶ Frederick (9)
  - ▶ Geneseo (89)
  - ▶ Little River (472)
  - ▶ Lyons (3,556)
  - ▶ Sterling (2,507)
- ▶ Total County Population 9,150

33

## Each Communities Needs

### and Resources

- ▶ Serve in each community
  - ▶ Pt home visits in each town
  - ▶ Know resources specific to where they are located
  - ▶ Find the community advocates
  - ▶ Be the voice between the patient and provider

34

## Health and wellness can be a long journey when there has been no previous roadmap.

- ▶ Walk along side patients through lifestyle changes
- ▶ Offer simple education and goals
- ▶ Make the process enjoyable
- ▶ Provide resources in conversation, then reinforce by providing contact information or making contact calls with patient

35

## Reaching the Community....

- ▶ At the local coffee stops
  - ▶ Farmers BP Check/Mental Health
- ▶ Local Hispanic Business
  - ▶ BP/BS Check Saturday Morning
- ▶ High School Mental Health Day
  - ▶ CHW Staff Provided Support
- ▶ Local Craft Fair
  - ▶ Health Trivia and Education
- ▶ Thrift Store Support
  - ▶ Referral/Donate Time

36

## Education, Activity, Support

- ▶ Hypertension
- ▶ Mobility issues
- ▶ PreDiabetes
- ▶ Helped qualify for Disability
  
- ▶ Meal Planning
- ▶ Exercise Support
- ▶ Mental Health Championing
- ▶ Medication Advocacy

37

## Since the start of our CHW program....

- ▶ Over 130 patients seen for home visits
  - ▶ No Patient Charge
  - ▶ Scheduled by patients need level
  - ▶ SDOH assessment, resource search, and referral collaboration
- ▶ Integral Partner with County Health Collaborative
- ▶ Outreach through Community Events
  - ▶ Created access to health education, tools, and resources
  - ▶ More than 300 people reached and multiple populations
  - ▶ Increased access to affordable fresh fruits and vegetables

38

## Challenges are everywhere...

- ▶ Lack of Understanding of CHW team goals and expectations
- ▶ Resource limitations
- ▶ Sustainability/CMS/Medicaid Funding
- ▶ Unite Us Barrier
  - ▶ Small entities not using computer system to connect
  - ▶ Referral process limited
- ▶ Patient Transportation limitations

39

## The Future is Exciting!

- ▶ Increased Community Knowledge of Program
- ▶ New Centralized and Visual Location in County
- ▶ Foundational Healthcare Community Support
- ▶ Continued Partnership Growth
  - ▶ K-State Extension
  - ▶ Rice County Health Department

40

Community Health Workers choose everyday to..

- ▶ Believe in the basics of creating trust and support in the home. This choice sets a foundation for navigating communication and stability to achieve a healthier future physically and mentally for every person they come in contact with.

41

# Addressing SDOH with a Community Fund

Nicole Baum, Holton Community Hospital

 Kansas Healthcare COLLABORATIVE

42

43

*AGENDA*

- Introduction of myself
- Foundation Mission/HHF Policy
- The Community Tie
- Sustaining Funds
- Patient Stories
- Final Takeaways

44

## INTRODUCTIONS

- Nicole Baum, RN, BSN
- Program Director for Senior Life Solutions
- Foundation Director
- Born and raised in Holton, KS- returning to my established roots

45

# THE HOMETOWN HEART FUND

**Foundation mission:** *The Holton Community Hospital Foundation supports the hospital in achieving its goals of compassion, professionalism and excellence in healthcare through philanthropic giving. Operating in accordance with the mission of Holton Community Hospital, the foundation builds lifelong relationships with contributors, raises funds and dedicates its resources to further advance the needs of the Hospital and those it serves.*

- Creation of the Hometown Heart Fund:
  - Created in 2021
  - Purpose: to assist Holton Community Hospital or physician's clinic patients with expenses for basic needs items, durable medical equipment, pharmaceuticals and travel expenses. Assistance can also be granted for physical, occupational, and cardiovascular service patients due to lack of insurance or for those who are underinsured
  - Special account within this fund for No-Cost Mammograms

46

## HOMETOWN HEART FUND POLICY BREAKDOWN

- Funds will not be paid directly to patients but rather on behalf of the patients.
- This fund covers:
  - \$200 yearly for basic needs and transportation services
    - Jackson County EMS and our local transport directly bill the Foundation
    - Secured Transports
  - \$500 annually for assistance with DME (oxygen equipment, wheelchairs, crutches, etc.), Pharmacy, Therapy, and Cardiovascular Services
  - No cost mammograms cover \$200 per mammogram which covers the screening process
- Exceptions for the total yearly amount paid on behalf of any one patient or category of items eligible will only be approved under extenuating circumstances and if all other applicable funding sources have been exhausted.

47

## NO COST MAMMOGRAMS

-Funds provided cover the screening/reading process for our patients covering \$200 per mammogram

-Patient story- *"In December I went in for my mammogram and they told me to come back for a different one. I did. Then it was "you need to have a biopsy." I was in shock! I did mammograms every year! My chemo doctor told me that I have the pten gene. During my chemo, the breast I was having removed got infected and I got a 102 temp. I had to run to Lawrence for emergency surgery. He said if I would have waited the cancer would have went in my chest wall. So he took it out and I told the surgeon no more and to take the other breast too. I got prosthetics and can say- I am a survivor." - Tracey Shumaker*

**Early detection saves lives.**

99% Survivability
40% 3D Mammography
20 minutes

**Did you know that we offer NO COST 3D MAMMOGRAMS**  
 for those who do not have insurance or those who are underinsured?

For more information on qualifications for no cost mammograms call Nicole Ream, Foundation Director at:  
**(785) 364-9610**

48

Early detection increases your 5-year **Survivability 99%**

**3D Mammography** reduce call backs by **40%**

The average length of a 3D mammogram exam is **20 minutes** Once a year

Did you know that we offer **NO COST 3D MAMMOGRAMS** for those who do not have insurance or those who are underinsured?

49

## THE COMMUNITY TIES

Holton Community Hospital Foundation Board

- Currently composed of 10 members
- Board consists of members throughout the community: Banks, local businesses, etc.
- Part of composing the Hometown Heart Fund or any changes made upon yearly review
- Vote upon exemptions under extenuating circumstances

Our community truly supports this Hospital and Foundation:

- Supports through monetary donation, volunteering, estate, memorials etc.
- Funds that come through the Foundation get poured directly back into the hospital and the HHF to give back to our patients.

*"Keeping Our Patients Care Close To Home"*

50

# SUSTAINING FUNDS

Two main factors that help to keep our funds with the Hometown Heart Fund sustained/growing:

- Gracious donors
  - Designations within a will/Property-Vehicle/Real Estate
  - Specified Donations
  - Memorials or Tributes
- Events:
  - Color Run 2023
  - Breast Cancer Awareness Events

The HCH Foundation received an amazing donation in the amount of \$4,000.00 in memory of Jane Aeschliman-Evans in support of the recent purchase of breast biopsy equipment for our radiology and surgery departments. This equipment allows our general surgeon, Dr. Denis Jimenez, to provide surgical intervention for patients that have been diagnosed with breast cancer.

51

52

*EXAMPLES OF PATIENTS WE HELP*

- Patient unable to afford a medication (Short term coverage)
- Patient needing a ramp to be able to safely enter and exit home
- Patient life flighted to Kansas City. Family member could not afford gas to make it to the hospital.
- Patient needing to leave hospital on Lovenox. Pharmaceutical coverage while social work is completing patient assistance.

While the Hometown Heart Fund is used as more of a short term/immediate solution- I work directly with our social work/case management team to meet the needs of the patient moving forward.

- Applying for Medicaid
- Referring on to the Health Department for basic needs
  - Etc.

53

*THANK YOU!*

Nicole Baum  
Phone: 785-364-9610  
Fax: 785-362-7777
