

Treva Borchert joined KHC in November 2018 as Project Specialist, providing support for the directors and project teams in the implementation of quality improvement initiatives.

Treva's background includes most recently seven years working with the Kansas Medicaid program as financial analyst and executive administrative assistant. Before that she was office manager for a glass company and office manager for a lighting company, both in Nebraska.

Treva attended Mountain View College in Dallas, Texas, where she studied business and accounting.
