K-TRACS: Clinical Decision Making at Your Fingertips

Presented by:

Alexandra Blasi, MBA, JD
Alexandra.Blasi@ks.gov
Kansas Board of Pharmacy Executive Secretary

Reyne Kenton
Reyne.Kenton@ks.gov
K-TRACS Program Manager

Jennifer Donnelly, MPH
Jennifer.Donnelly@ks.gov
K-TRACS Senior Epidemiologist/ Assistant Director

July 2020

7

Objectives

- Brief Overview of the K-TRACS Program

- Information regarding registration, **use and benefits of participating**

- Information regarding registration process for licensed delegates

- Overview of statewide opportunity for K-TRACs integration into electronic health records and practice management software products

- Overview of Prescriber E-Recap (PERx) Report

- Overview of Kansas prescription opioid dispensation data

- Proposed legislation changes

8

9
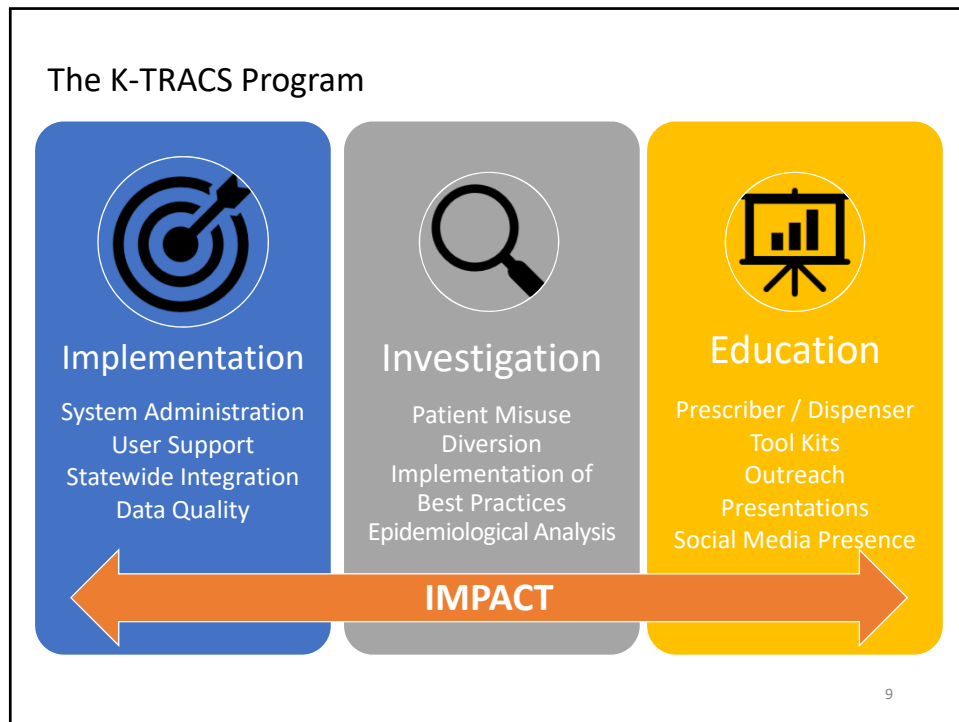

Polling Question #2

Our facility has procedures in place for checking K-TRACS when we prescribe a controlled substance.

❑ Yes

❑ No

❑ Unsure

K-TRACS

10

Why Use K-TRACS?

- K-TRACS helps with clinical decision-making by providing patient's controlled prescription history which results in better outcomes and can ultimately save lives.

- K-TRACS can be used to prevent Misuse, Abuse and Diversion.

- K-TRACS helps identity patients for assessment and treatment of potential substance use disorder.

11

Registration

- To register go to www.kansas.pmpaware.net/login

- CAUTION: The system does time out.

- To prepare for registration you will need your state license number, NPI number and DEA number.

- Please note that incomplete registrations will be rejected after one week.

12

Polling Question #3

Our prescribers use delegates to streamline their workflow and increase their usage of K-TRACS.

❑ Yes

❑ No

❑ Unsure

13

Delegate Registration

• www.kansas.pmpaware.net/login

• Delegates MUST use their work email address.

• Delegates MUST have their supervising prescriber's DEA number and email address the prescriber used when registering.

• Once the delegate has submitted all information the supervising prescriber will receive an email to approve the individual.

• Currently delegates include RNs, LPNs and Pharmacy Technicians.

• Listed as Prescribers Delegate-License and Pharmacy Delegate-Licensed.

• If a delegate is terminated or resigns please notify the K-TRACS office immediately at pmpadmin@ks.gov

14

Registered K-TRACS Users

77.9% Increase in User Registrations from 2015 to May 2020

Prescribers   Dispensors   Other   •••• Total Users

15
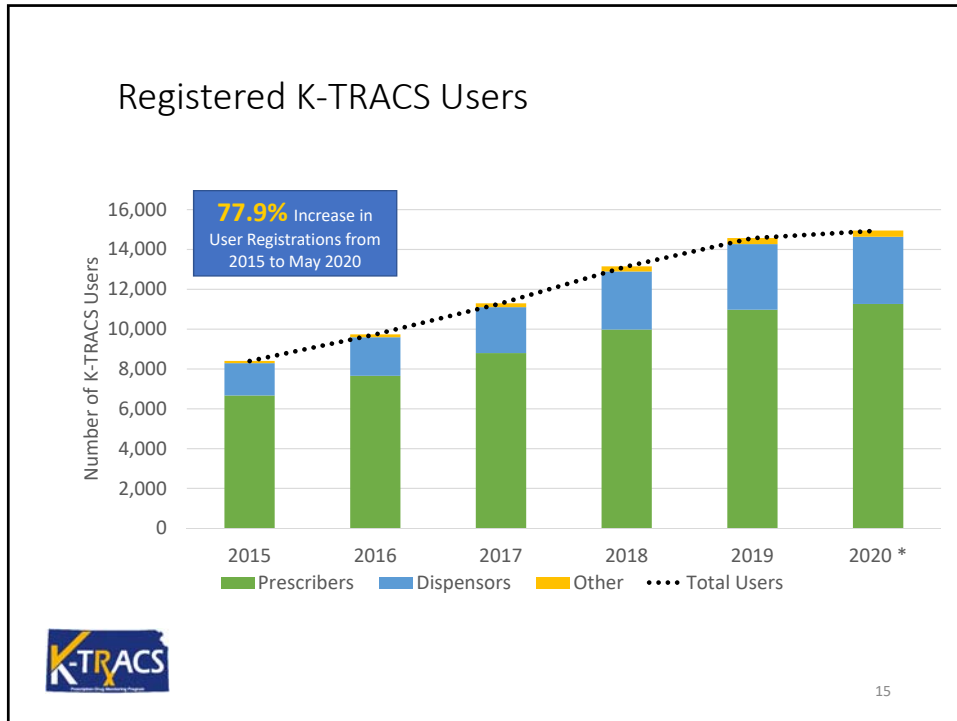

Statewide Integration

- Integration with electronic health records
  - Improve access, patient support and engagement, and care coordination
  - Reduce barriers
  - Increase utilization of K-TRACS – 7-fold increase in queries
- State covers all PDMP Gateway® connection costs for each Kansas healthcare entity approved for integration
- 794 integrated as of September 2019

4 min

Average time savings per patient at participating sites

INTEGR8

16

PERx-Prescribers E-Recap

- Snapshot of your prescribing practice.

- Released quarterly and covers the prior six months.

- How many patients you have prescribed opioids and compares to others in your specialty.

- MME ranges.

- Opioid Treatment duration.

- How many times you and your delegate(s) have queried the system.

- Multiple Provider Episode (MPE) provide a look at the number of your patients who have met or exceeded the K-TRACS threshold.

- Dangerous Combination Therapy provides you with details of your patient's combination therapies that may increase a patient's risk for overdose.

19

Polling Question #4
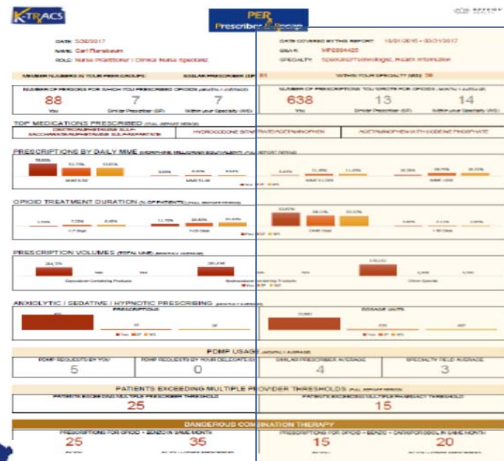

Our facility integrated our electronic medical record and/or pharmacy system with K-TRACS.

- ❑ Yes

- ❑ No

- ❑ Unsure

20

PERx Report

Total Controlled Substance Prescription in K-TRACS
Kansas Prescribers / Kansas Dispensers (2015-2019)
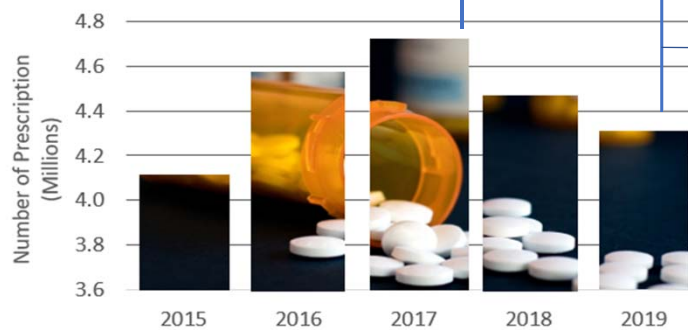

High Risk Patient Prescribing
49.5% decrease in doctor shopping behavior in two years

Kansas Age-Adjusted Mortality Rate per 100,000 Population
for Prescription Opioids, by Gender (2005-2018)
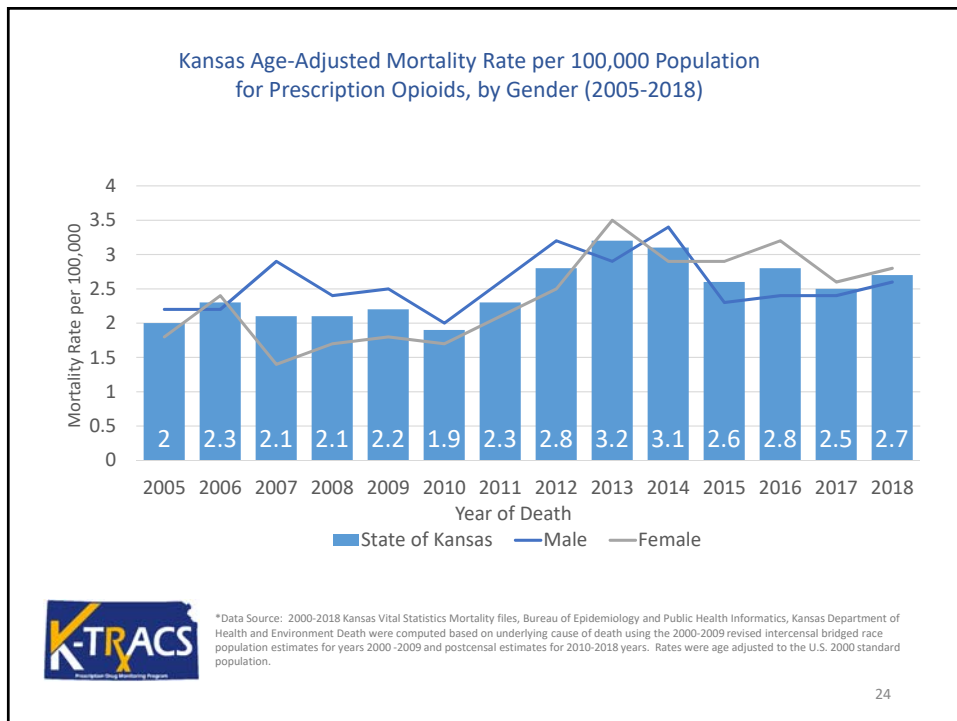

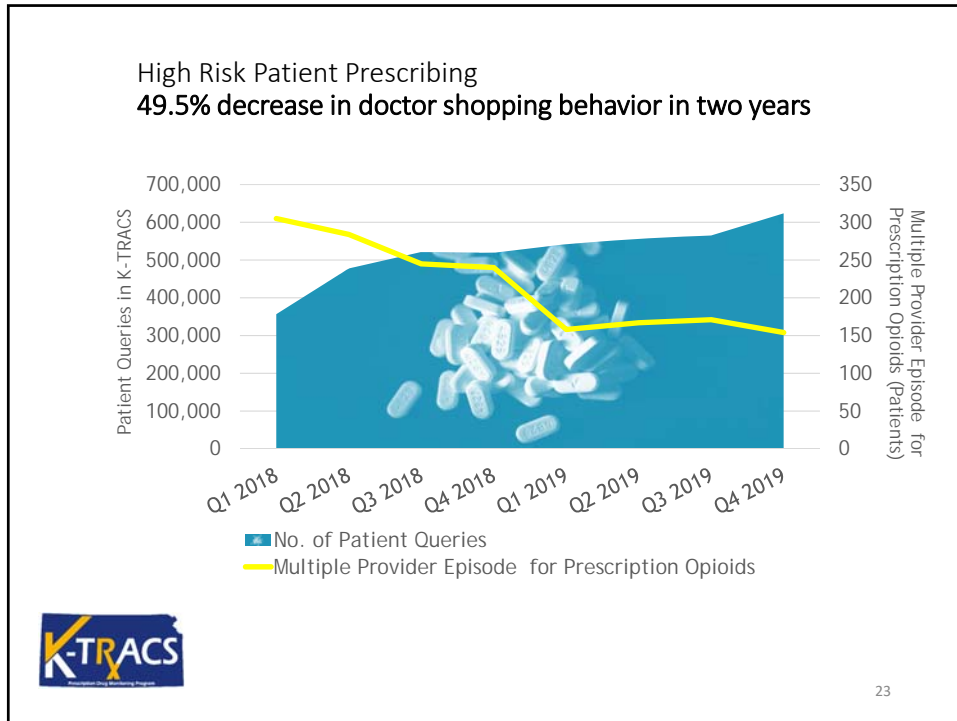

Upcoming proposed changes to the PMP Act

- Defines "Delegate" with in the PMP Act

- Allows de-identified data to be provided for research purposes

- Defines data retention and storage (Removes the 5-year limit)

- Allows for the collection of additional PDMP components:
  - Date of death
  - Fact of death
  - Clinical notes
  - Overdose events
  - Naloxone dispensing and/or administration

25

Acknowledgements

30

Upcoming HQIN Office Hours Series for nursing homes:
Be Infection Control Survey Ready

July 28 ● August 11 ● August 25
1:00 to 2:00 p.m. CST

Join the Health Quality Innovation Network (HQIN) for an office hours series to learn how to apply quality improvement principles to your nursing home's infection control and prevention program. Sessions will support survey readiness, as well as help you be responsive to identified opportunities, survey deficiency and CMS enhanced enforcement actions.

Click here to learn more about each session and to register:
https://hqin-org.zoom.us/webinar/register/WN_7BmeHX0WSc-qBsBwyUqD7g

31

Upcoming HQIN Event
Integrating Behavioral Health to Improve Patient Outcomes

Thursday, July 30
11:00 a.m. to 12:00 p.m. CST

Learn about the benefits of – and models and methods for – integrating behavioral health into your practice, as well as strategies for coding and billing.

Register here:
